FIG. 4

This diagram shows the exploded perspective view of the device assembly. The components are labeled with reference numerals and arrows pointing to them:

- 100**: Points to the top housing or cap.
- 450**: Points to a small cylindrical component, likely a lens or filter.
- 400**: Points to a group of three rectangular components, likely a sensor array or display panel.
- 350**: Points to one of the rectangular components in the group 400.
- 250**: Points to a horizontal rectangular component, likely a battery or a main circuit board.
- 300**: Points to a hand icon, indicating the device is held or operated by a user.
- 200**: Points to a small rectangular component, likely a connector or a small display.
- 150**: Points to a small rectangular component, likely a button or a small display.
- 50**: Points to the bottom housing or base.
